

Clark-Shawnee High School Library Media Center

Mission Statement

The mission of the Clark-Shawnee High School Library Media Center is to support the:

- curriculum,
- school's Continuous Improvement Plan (CIP),
- alignment of Ohio Academic Content Standards,
- integration of technology in the classroom for students and teachers,
- use of information in a variety of formats (print, electronic) for student learning and classroom instruction,
- preparation of students for the OGT & other standardized tests.

Vision Statement

The vision is preparing students and staff to become:

- 21st. Century learners,
- effective users of information technology,
- successful readers and learners.

The Clark-Shawnee H.S. LMC is an active part of the INFOhio statewide network for Ohio's schools, students, and teachers. INFOhio offers the technology to ensure equal access to quality curriculum and instructional tools for the classroom that support information literacy and professional development.
